

How To Up Single Sign On for PowerSchool Parent Portal

PowerSchool recently introduced a new login system called Single Sign On (SSO). SSO gives parents quicker and more convenient access to PowerSchool data. SSO allows parents and guardians to set up their own individual login credentials and, for those with multiple students in the district, access to all their students' information with a single login. In addition, SSO allows users to retrieve forgotten login and password information themselves rather than requiring a call to school.

Pearson has also released [PowerSchool iOS and Android apps for mobile users](#). Use of the mobile apps requires that SSO be in use. Once SSO has been turned on, the Mobile Apps will become usable.

The screenshot shows the login page for Nebraska PowerSchool. At the top left is the logo for "Neb Nebraska PS PowerSchool Cooperative". Below the logo is a blue bar with the text "PowerSchool". Underneath the bar are two buttons: "Sign In" and "Create Account". The main heading is "Student and Parent Sign In". Below this heading are two input fields: "Username" and "Password". Below the password field is a link that says "Having trouble signing in?". At the bottom right of the form is a blue "Sign In" button.
